

# HEADBAND TEMPLATE

## HEADBAND SECTION A

Join to section B then **CUT 2** once sections A & B are joined together

*BIAS GRAIN – Cutting on the bias grain will give your headband stretch and a comfortable fit*

*STRAIGHT OF GRAIN – cut on the straight of grain if you have limited fabric or you require a firmer fit.*

OVERLAP- USE TO JOIN TO SECTION B

JOIN TO SECTION A BEFORE CUTTING FABRIC

### HEADBAND SECTION B

Join to section A then **CUT 2** once sections A & B are joined together

**\*\*NOTE:** Adjust the band length depending on whether you have cut you fabric on the bias or straight of grain.

**\*\*CUTTING LINE FOR BIAS**

**\*\*CUTTING LINE FOR STRAIGHT OF GRAIN**

ELASTIC CASING – CUT 1

**TO MAKE YOUR HEADBAND YOU WILL NEED:**

2 x Headband pieces (A & B joined together before cutting)

1 x Elastic casing

1 x 15cm length of elastic. Preferable about 15mm wide but anything similar will do.
