

Easter Chicks Step-By-Step

1. Print you template from the resources on www.sewwithnellybea.com

2. Cut out the required fabric shapes and gather your resources. Mark crest, beak and eye positions.

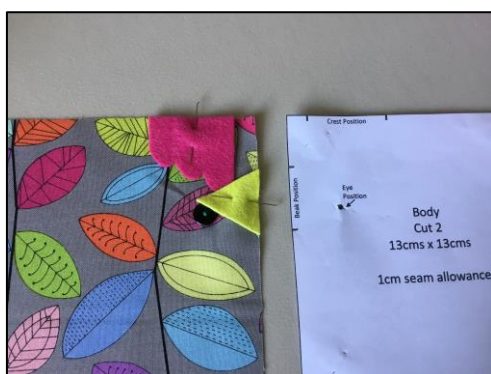

3. Attach eyes. You can use buttons, beads, sequins or make French knots.

4. Create shaping on sloped edge of crest. Here are some examples.

5. Pin crest and beak into position using the marking on the template and the image below for guidance.

6. With RIGHT sides together match two body sections. Pin together.

7. Stitch sides and upper edges together using a 7mm seam. (Putting the edge of the presser foot on the edge of your work will achieve this.)

8. Clip your two corners.

9. Turn to right side.

10. Fold a 1cm hem to inside around open edge.

11. Lightly stuff your chick.

12. Bring the seams together in the centre to create a pyramid shape. Clip or pin together.

13. Insert your chick's legs on each outside corner. Make sure each legs is 2-3cms inside the body of your chick.

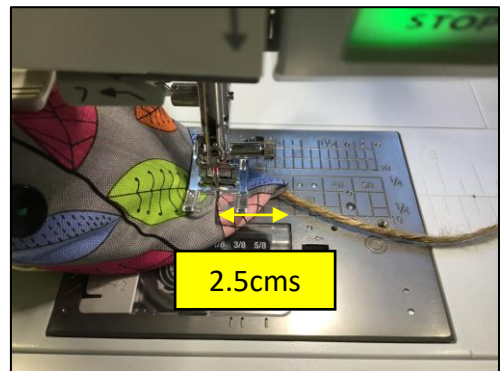

14. Stitch across lower edge by hand or machine. Ensuring that the leg is secured in place.

15. Create the thighs by pinching across the lower corners to create a triangular shape.

16. Stitch across each thigh 2.5cms from tip of triangle

17. Here's what the finished thigh should look like.

6. Add feet to your chick using large beads, a piece of felt or ribbon or, simply tying a knot.
